**WRITE IT ON YOUR  
HEART THAT  
EVERY DAY IS  
THE BEST DAY OF  
THE YEAR**

- Ralph Waldo Emerson

### GEARING UP STUDENTS FOR THE NEW YEAR

One of the biggest gift to us is the dawn of the New Year. New opportunities and challenges are before us. Once again there is a chance for us to try and accomplish the tasks that were not completed or left half done.

Each day is so beautiful with new things coming our way. The days are not repeated or neither the experiences that we gain. Life is full of beginnings. As adults, we need to talk to our children that shining destinies are ahead and they need to learn to choose the right trajectory that can enable them to lead and succeed.

**Here are few tips that can brighten the year for our little stars:**

- Teach students that each day is special and giving it a fresh start is very important.
- Inform them that they shall be accountable for their character and behavior.
- Always inspire them to do their very best.
- Believe in them more than they believe in themselves.
- Encourage them to explore, discover and achieve.
- Teach them the art of slowing down, to look and admire the nature, breathe fresh air, to take short walks, pat a dog, read good books etc.
- Inspire them to strengthen their values so that they rise above and shine.
- Teach them the technique of being cheerful, patient and agreeable when it is difficult to be so.
- Help them to replace fear with faith in oneself and the people around them.
- Teach them social graces and the impact of positive social behavior.
- Groom them with an ability to have consistent strategies for the goals and targets set.
- Provide rich experiences that can help them to build their creative and innovative skills.

Lastly, parents and the school staff should be equal partners in developing and nurturing ASPAMITES with the best skills and talent that shall mold them into shining stars, to become efficient leaders of tomorrow.
