

ASPAM Indian International School, Sharjah conducts Inter-Class choral recitation competition

ASPAM Indian International School, Sharjah conducted the Inter-class choral recitation competition on Feb 21, 2019, for grade 1 students under

the banner Magical Colours of Values. The recitation provided an opportunity for the students to bring out their vocabulary prowess and link the words to their thoughts

and poetry. To foster tolerance among the students the topics selected were value based.

A culture of positivity was created by students wearing different coloured accessories

and clothes to represent the value, which they were to speak about. Every section of grade 1 amazed the audience with their expression, style, confidence and courage. Prior to the competition,

teachers ensured to have discussions, in the class on the values that were chosen for the competition. Circle meetings with interesting collaborative activities connected to the values

were shared in the classroom. The spectacular event that was attended by special guests and parents of grade 1 concluded with felicitating the enthusiastic participants.
