ASPAM IIS Celebrates 47th UAE National Day With A Difference

ASPAM Indian International School commemorates the 47th UAE National Day with an Inter School performance with pride and innovation.

The school conducted its first interschool musical drama performance titled "From Camel back to Cadillac", an approach which spurs from the tagline of the school "I am Me, I am unique". The event is a dedication to the historical growth of the nation, and its undying spirit which has made it to the zenith today.

The event strongly fosters the spirit of Excellence through Equity which reverberates the educational

principles of ASPAM IIS.

The school joyfully welcomed Central School Dubai and City School Ajman to be part of its celebration. The occasion was witnessed by His Excellency Sheikh Khalid Abdulla Mohammed Al Mullah from the Ruling Family of Umm Al Quwain and other dignitaries from various fields.

The school believes that this venture would kindle the same spirit of union and camaraderie among the student community based on the values of the moral education programme as an opportunity for students to share their skills and talents on a common platform.
