ASPAM IIS hosts annual fest

ASPAM Indian International School, Sharjah (ASPAM IIS) recently celebrated their annual fest — Aurora'18. The chief guest of the event was Dr. Swati Popat Vats, president of Podar Education Network and Early Childhood Association — India.

On the day of the fest, the corridors of the school were decked with vibrant colours and there was a sense of excitement in the air.

Each classroom was assigned a different theme. Students participated in innovative learning activities and conducted presentations through brainstorming sessions and collective research.

Parents and their children took part in a fashion show at the inaugural function. They wore recyclable material in order to promote sustainable fashion.

In his welcome speech, the head boy of

ALL SMILES: It sure was a fun time for the students and all who attended the event

the school promised to stand by the explorer Edmund Hillary's quote: *"It is not the mountains that we conquer but ourselves."*

ASPAM IIS joined hands with Thumbay Hospital to inaugurate the Cover up Cough campaign. Together, they also generated awareness about breast cancer.

After the parents and special guests were felicitated at the event, the curtains came down on Aurora'18. The fest encapsulated the 5 H's of ASPAM IIS — head, heart, honesty, hard work and heroic spirit.

— Arunima Sajeev, ASPAM Indian International School, Sharjah
